Base Ball League Organized Half Holiday on Thursdays

H. E. Elves and W. A. Teskey attended the meeting of the Retlaw-Lomond Utilities executive in conjunction with representatives from base ball clubs from the four towns along the line. The meeting called to formulate plans for a base ball league along the line this summer, at which a very satisfactory start was made. A general meeting of base ball executives will be held at Travers on Thursday, May, 8th, for the purpose of drawing up a schedule. Guy Paulson was elected as president of the league, Cook of Retlaw as vice president and A. P. Hempel as secretary.

Mr. Cruickshanks handed in his resignation as President of the Utilities Board, as he had sold his business interests in Retlaw and was moving away. R. E. Newton of Retlaw was elected to fill the vacancy.

The half holiday question was taken up and all appeared to be in favor of the idea. Thursday afternoons being the time chosen. It is proposed to start the half holiday stunt on May 15th, and continue till the first of August. Representatives from the different towns around vouched for their civic obligations on this behalf. So keep in mind, all ye public, that the half holiday is a thing assured from May 15th, on.

Lyceum Speaker Formerly a Noted Actor

The prestige of the Lyceum platform as a forum of the people when vital questions of the hour are exhaustively discussed, is maintained by such men as Montaville Flowers, noted orator and publicist, who is to lecture here on the Lyceum Course tomorrow night (Saturday).

Montaville Flowers is one of the few men who has commanding success in two distinct fields of endeavor upon the platform. He came into prominence first as a scholarly interpreter of great plays, notably those of Shakespeare. His investigation in other lines, principally world problems, influenced him to abandon the limitations of the actor's field great as he had become, for a field of broader and more effective scope. It was not necessary for him to seek an avenue of expression however. His speeches on international politics in our principal cities compelled the attention of Lyceum and Chautauqua managers and since then it has been impossible for him to fill the number of dates constantly demanded of him. The subject of Mr. Flowers new address is "The Triumph of Democracy." This is the latest and treats upon the question now before the world.

Boys' Double Texture Parama Raincoats, double stitched seams, for boys from 8 to 14 years, worth \$8.00, for \$5.45.—Frank Brown Co., Limited.

Mrs. G. D. Salter was a Calgary visitor for several days of last week.

The local Masons held a special meeting on Monday evening, receiving assistance from the Vulcan Lodge in putting on degree work. The refreshment committee looked well after the crowd when recess for refreshment was called. Those from Vulcan were D. H.

Galbarith, D. D. G. M., Capt. Galbraith, Wm. Grant, J. Flood, F. M. Anderson and Sgt. Allen.

Saturday last reminded one quite of old times. It seemed as though everybody was in town and the stores were rushed pretty much all day. Relaxation from seeding is now being felt.

Next Thursday, May 8th., the Peace Club will meet at the home of Miss Bessie Bell, three miles north of town.

Mrs. L. M. Swain were in Lethbridge for several days at the first of the week. Mr. and Mrs. J. H. Doane accompanied them in on Sunday, Mrs. Doane remaining to visit with her sister for weeks.

A C.P.R. construction engineer was in Lomond on Friday after taking a drive over the line of the proposed ex-

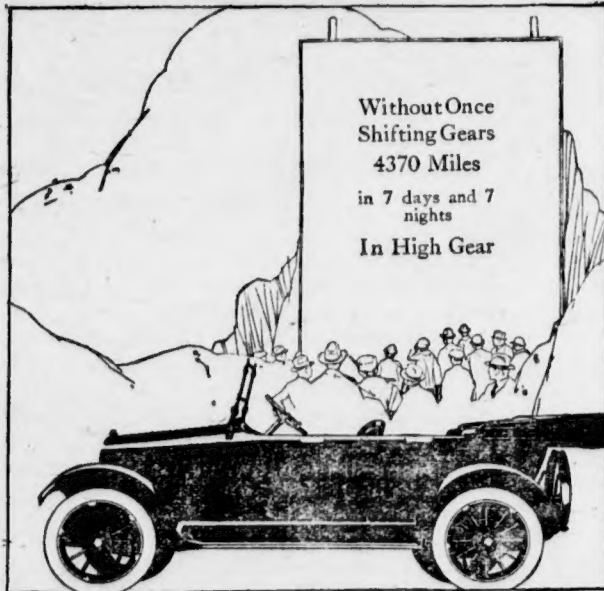

tension between here and Blackie. Unofficially we understand he held no great hopes for work to be done any way soon.

Robt. Hunter and Larkin Flath, of Bassano, were business visitors in town this week.

Mr. Deeves, of the Alberta Government Telephones, was in town on Tuesday signing up contracts and collecting the first half-yearly rental on installations for the new local exchange to be established in Lomond. It is apparent that the government means business on its extension program this summer.

The provincial police department has leased the Bowers residence for the man that will be permanently stationed at Lomond next week.

Help the Y.M.C.A. Finish its Work For Soldiers

Help the "Y" Construct the Manhood that will Re-construct Canada

ALL the world now knows that the Red Triangle of the Y.M.C.A. was the "Sign of Friendship" to thousands of your brothers, sons, nephews, cousins and neighbours' boys in the last four and a half years. Wherever the Canadian Soldiers went, the "Good old 'Y'" went too. And now it is coming back home with them!

For the support which has made possible the war work of the Y.M.C.A. we thank you. Your money has been well expended. We have rendered full account,

We ask now your continued sympathy and support for Red Triangle Service for our Soldiers during demobilization, and for Y.M.C.A. work for Canada generally during the Re-construction period. The Annual Red Triangle campaign will be held throughout Canada May 5th to 9th, 1919. The objective is \$1,100,000.

The Y.M.C.A. will keep its chain of Service unbroken till the end.

For Our Men Returning

For the soldiers and their dependents, returning from Overseas, we have provided as follows:—

1. A Red Triangle man on board every ship when it leaves Great Britain, with a full equipment of games, gramophones and records, magic lantern, literature and writing materials. Where possible, also a piano or an organ. Lectures, concerts, sing songs, instruction re Government repatriation plans, and Sunday Services.
2. Red Triangle comforts and facilities for the men on arrival at Halifax, St. John, Quebec and Montreal, including coffee stalls, with free drinks, free canteen, cigarettes, candies, etc.
3. Red Triangle men on every troop train to provide regularly free drinks, canteen and cigarettes, organize games and sing songs, and furnish information.
4. Red Triangle free canteen service, information bureau, etc., at each of the 22 Dispersal centres in Canada.
5. Red Triangle Clubs in the principal cities of Canada in the shape of large Y.M.C.A. hostels to furnish bed and board at low rates and to be a rendezvous for soldiers.
6. Seventy-five Secretaries to superintend Red Triangle service in Military Hospitals, Camps and Barracks throughout Canada.
7. Tickets entitling soldiers to full Y.M.C.A. privileges for six months at any local Y.M.C.A. furnished.

In addition to our work for the returning soldiers, we have to maintain the Red Triangle service to the full for the soldiers in Siberia, as well as the work of special secretaries in Northern Russia, Palestine and Poland.

For Canada's Manhood

The Reconstruction program of the Y.M.C.A. includes the following vitally important developments:—

1. An increased service to 300,000 teen-age boys in the Dominion—the development of Canadian Standard Efficiency training; Bible Study groups; summer camps; conferences; service for High School boys, for working boys, in the towns and cities; for boys on the farm and for boys everywhere, who have lacked opportunity for mental, moral, physical or social development.
2. Inauguration of Y.M.C.A. work in the country, and the smaller towns and villages lacking Association buildings and equipment, on a plan of county organizations. This will include the establishment of Red Triangle centres for social, recreational and educational work among boys and men, in co-operation with the churches.
3. The promotion of Y.M.C.A. work among Canada's army of workers in industrial plants, both in Y.M.C.A. buildings and in the factory buildings, organizing the industrial workers of our cities by meetings, entertainments, games and sports.
4. The establishment of the Red Triangle in isolated districts where lumbermen, miners and other workers hold the front trenches of industry.
5. Besides these main fields of increased activity for 1919, we have to provide for enlarged work among railway men, college students and for our campaign to encourage physical and sex education. Under all our work we place the fundamental foundation of manly Christianity.

Y.W.C.A.

For the wives and children Overseas, dependent upon Canadian soldiers, and for Y.W.C.A. work in Canada generally, a sum of \$175,000 from the Red Triangle Fund will be set aside for the Dominion Council of the Y.W.C.A., which is caring for the soldiers' women folk, and their little ones on the long journey, from Liverpool to Canada, and is also extending its work for Canadian girls.

For their sake also be generous when you make your contribution.

FOR the sake of our victorious soldiers and their dependents, and the happiness of their home-coming; for the sake of our future citizens, our teen-age boys; for the sake of rural life in Canada; for the sake of the social betterment of the toilers in factory and workshop; for the sake of lonely men and boys in our mines and forests; for the sake of Christian Society and Canadian manhood—we appeal to you. Give us your contribution, little or big. Be as generous as you can.

Hand your contribution to the canvasser when he calls, or if you live where it is difficult for him to call, send it by check, money order or registered letter to the National Treasurer, Red Triangle Campaign, 120 Bay Street, Toronto.

Please Note:

We are not asking for money to carry on our work Overseas, with the Army in Great Britain, France or Belgium. That work will continue at its maximum for some months, financially provided for by the liquidation of our assets Overseas, and will not terminate till the last man has sailed for home.

CANADIANS CAN BRING PROSPERITY TO THEMSELVES

Every effort is being made to keep the war time market for the Alberta farmer, in is officially announced, and the further announced that the means that has been decided upon whereby this effort may be financed is that of natural savings, made easy and effective through National Saving Stamps at \$4.00 and Thrift Stamps at 25 cents each, the former bearing interest at 4½ per cent, compounded half yearly. The Thrift Stamps are convertible into National Saving Stamps so they really bear the same interest.

Hence it will be seen that the movement deserves and needs the support of every farmer in Alberta and every farmer's family. It is not a matter for one person; it is a matter for all. Canada must be self-supporting financially if she is to place her products on the world markets. This is peculiarly true of agricultural products. Argentina, Australia and other grain producing countries are all arranging credits and it may be accepted as final that the country which provides the best marketing terms will get the business. Canada has two advantages—she can grow the best grain in the world, and she is close to the consuming markets, but these advantages will be useless unless they are backed by credits which can only be financed by ourselves.

Let every person in Alberta, young and old, invest National Savings and Thrift Stamps frequently and largely, and the financing will be assured.

NOTES

Surely this snow will dispel all fears of a season of drought.

o o o

THE PRESS has got Foster backed off the map on weather predictions.

o o o

It's worth trying to get a provincial highway routed through Lomond, as suggested last issue.

o o o

Perhaps you cannot find the time nor the opportunity to delve deeply into world problems, but there is no reason why you should miss the opportunity of hearing a man who has made it his life's business to compile such information and deliver it to the public in an intelligible manner. Perhaps if we were to better acquaint ourselves with problems of world interest we would be more patient through the trying days of repatriation and re-adjustment. At the least, the Montaville Flowers lecture on Saturday be educational.

o o o

As Halladay says, we can be easily overlooked if we don't toot our own horn. And this will surely be the case with the extension of this branch line of railway. Construction will begin where there is the loudest hollering. We're paying enough in extra freight rates to bring out quite a squeal. A through service on this line would save on all freight from the west and give us a better mail service.

o o o

If the Retlaw-Lomond base ball gets to be an actual reality with the sport largely confined to amateur local talent, there will be some incentive towards

the development of the art amongst the younger generation.

o o o

There must be some likelihood of securing a telephone exchange, now that the government has actually collected money on the contracts.

o o o

The Y.M.C.A. which did a great good work while hostilities were on, is appealing for funds to carry on till the task of repatriation, is completed. You can at least recognize the worthy movement, even though circumstance may limit the amount of your contribution.

o o o

World labor, and Canadian labor in particular, continues in the blind fight for a different adjustment of conditions. It is hard to say just what labor does want—outside of capable, sane leadership. At that they are as ably led as the capitalist combine they are fighting. A more equitable distribution of wealth with the elimination of special privilege is the ultimate aim; but it is a hard struggle against the perversity of human nature. There are obligations and responsibilities accompanying the changes demanded by labor, yet they are entitled to a good deal of consideration. As for the capitalistic combine, it does not play fair. It thrives under government protection and breeds monopoly. It does not give value for money, yet demands control of both the buying and selling markets of the country.

o o o

The Lomond Fair date this year as set by the Department is Thursday, July 31st. The prize list will include additional attractions for exhibitors. It is not too early for the boys and girls to get in line for the baby beef competition.

That silly phrase, "Gross profits!" It means nothing. You might as well say a "victorious failure," or a "disastrous victory," says Grapica.

"Gross profits" is a phrase that was invented by accountants to hide the inefficiency of the managing directors. It is an excuse. It is an attempt to make things look better than they are. It is an effort to whitewash a black situation.

"Profits," has a definite meaning. It can never be gross it must always be "net" there is no other profit and never can be, except "net".

the fact is that few firms dare to face the facts. They expect their accountants to cover up their mistakes and losses. They think first of appearance and second of actual facts.

Hundreds of firms, perhaps thousands, have ultimately been wrecked because they did not wish to know the facts about their own affairs. They compelled their accountants to make excuses: and eventually they learned the truth from official receiver,

Mr. R. L. King,

Lomond Alta.

Dear Mr. King:—

I am in receipt of your letter of the 15th inst., regarding the opening of the P. Burns lease for soldier settlement. I am taking this matter with the Department to-day and will advise you later what they have to say in the matter.

I wish to congratulate you on the activity of your Board of Trade. They seem to be up and doing all the time, always tackling some live subject. I can assure you, Sir, that the district which is satisfied to lie still and sleep will not be disturbed by the outside world.

I hope your Board of Trade Executive is composed partly of farmers, for I have found a mixed Executive works to the advantage of the district as a whole. The most wide awake Board of Trade in the Northern part of my constituency have elected the reeves of the adjoining municipalities, on the executive, the presidents and the secretaries of the U.E.A. adjacent towns on the executive and I have been advised by their secretary that the plan has worked remarkably well. You will pardon me for making these suggestions but I can assure you

I make them with the best of intentions.

Yours truly,
H. H. Halladay.

Municipal Investigation Committee Will Make Report at Next Council Meeting, May 12

A. D. Fidler, municipal inspector from the department of municipal affairs Edmonton, was in Lomond on Tuesday of this week conferring with the committee of investigation into alleged irregularities into the 1918 council proceedings. The committee is to present its report at the next meeting of the council to be held in Lomond Monday May 12th., and it depends upon what action the council takes what course will be pursued in following up the inquiry.

In commenting on the affair THE PRESS is reticent in venturing into the case at all until all the facts are laid bare. Yet we consider it an obligation to the public to urge the completion of the investigation now that it is started. In any case, it is no more than one would expect than anyone in any manner connected therewith would push the thing through and lift the cloud of suspicion.

The council meeting on the 12th. is to be held in the I.O.O.F. Hall so that anyone interested can find accommodation while the council has the subject under discussion.

Messrs. Hooker, Larsen, Walker and Rodgers were in committee on Tuesday while Mr. Fidler was holding the investigation.

Not in the old sense of meaning, but with good, new Goodyear, Diamond or Dominion tires. It does not pay to run on badly worn tires. It's hard on the nerves, the car and the pocketbook. The Ford Garage offers you exceptional tire service. We sell at the same price, put the tires on and then provide you a free air service---it's all yours for the taking.

WE CAN FURNISH YOU WITH STORAGE BATTERIES FOR ALL MAKES OF CARS
BATTERIES RE-CHARGED, REPAIRED AND RE-BUILT

Ford Cars and Repairs

New Price List on Parts

The Ford Company, by post-war conditions, is making a new repair price list which will mean quite a saving to the owners of Ford cars.

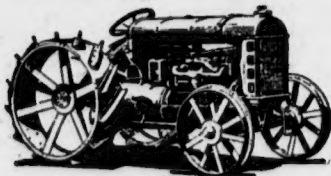

Repair Work

Mr. Donily has taken over the floor space in the rear of the garage and our patrons are invited to avail themselves of this service.

"Chevrolet" and "McLaughlin"

Repair Parts

Stocked at Lomond and Travers.

The Ford Tractor

This is a machine you should investigate at once. Low in price---high in durability. Call in and get information on this "little wonder."

Acetylene Welding

---at the Travers Garage. We guarantee all our welding to be A-1.

MASSEY - HARRIS Implements

Seed Drills

I have just unloaded a car load of double and single disc seeders. The Massey-Harris seeder is notably a favorite in the West. Place your order now.

"Great West" Stubble Gangs

"Imperial" Gangs---Breakers and Stubble

"Golden Edge" and "Great West" Sulkies
in all sizes.

Disc and Lever Harrows

"Bayne" Wagons, a full stock

"Chatham" Fanning Mills

We have these mills in both hand and power sizes.

"Gray-Campbell" Buggies

---and Democrats, and we can take care of your extra and repair parts for this line of vehicles.

Fairbanks-Morse

"Z" Type Engines in 1½- and 3-h.p. sizes.

Power Washing Machines--- the best and most convenient machine on the market.

Pump Jacks, etc., etc.

Samson Tractors

This staunch, powerful machine is a wonder in efficiency. It is built with a Red Seal Continental motor which is in itself a gilt-edged guarantee. If your are in search of satisfaction and economical farm power we would suggest an investigation of the "Samson." Demonstrators at both Lomond and Travers.
